

Dear Colleagues,

Greetings!

Let me first convey our heartfelt thanks for your participation and contribution that made BEACH'08 an intimate meeting and an exciting conference.

The Proceedings of the BEACH'08 conference will be refereed and published in Nuclear Physics B --- Proceeding Supplements (NUPHBP) by Elsevier. The referred proceedings are a special tradition of the BEACH conferences, and it is in the interest of all of us to meet the guidelines and the deadline for a timely publication of the conference proceedings.

The Proceedings will be produced from author-prepared camera-ready copy. The Organizing Committee will deliver the complete camera-ready copy to the publisher. Kindly note the following points:

1. Deadline --- 30.August.2008. So you shall have ample time. Need I say that if you deliver your submission a week or two BEFORE the deadline, we will be grateful.
2. Format: Kindly follow the Elsevier LaTeX style macro. The publisher will send you the instructions in PDF format via email.
3. Length: The regular plenary talks (20+7 min) will be assigned EIGHT (8) pages. The shorter plenary talks (15+5 min) will be assigned FIVE (5) pages. The Summary talk will have FIFTEEN (15) pages.
4. Colour: Contributions must be submitted in Black & White. It is a matter of finances. So please make every effort to ensure that the figures, and captions apropos of figures, are readable when printed and convey the information. Although colours are lovely, Black & White can be dark and deep.
5. Submission: Kindly submit your contribution in PDF format uploading it to <http://indico.cern.ch/conferenceDisplay.py?confid=36845> (the INDICO page for the BEACH conference). Using the E-mail you communicated to the Secretariat you will be able to login (top right corner of window) in order to upload your contribution. Your paper will be refereed and we will get back to you with her/his comments. Please contact us if you encounter problems with INDICO or have any question or suggestion.

Please send to the editor Marco Bozzo (marco.bozzo@cern.ch) all correspondence about the publication of the Proceedings.

Always, with warm regards

Marco Bozzo and Sanjib Mishra
